

Year 3 Science Menu

Week 5, 6 and 7

This term we are learning about forces and magnets!

Please chose your activities from this page.

May the Force be with you!

Magnetic Attraction

Can you design your own exciting magnetic activities?
They could be similar to some of the activities we've done over the past few sessions or they could be ideas of your own.

Mr Newton has sent a few ideas attached to this document, too just in case anyone is stuck. Some of them are probably similar to your ideas but there may also be a few you haven't thought of.

Magnetic Quiz Game

Can you challenge people to guess which items will be attracted to magnets and which won't?

Can you make a magnetic quiz game? You can use the template attached to write your questions and answers.

Summer Science

Complete one of the Science summer activities in the pack attached.
